

Recently, Xi'an Lantian Yaobai Cement Co.,Ltd, the fully owned subsidiary of West China Cement Limited ("WCC"), successfully passed the work safety standards by the Xi'an Administration of Work Safety Bureau which means it can now be known as a Safety Standardization Grade III Company .

Since the Lantian Company commenced operations in Aug 2007, it now complies with the national production safety laws, regulations and policies. Safety production has always been one of West China Cement's first concerns. The Company will continue to make every effort to create a safe production environment.
