

WCC was Awarded the Honorable Title of “Excellent Enterprise of China’s Building Material Industry”

On 7th August, Top 100 Excellent Enterprises of Building Material Industry were published by China’s Building Material Industry in Beijing. West China Cement Limited (“WCC”) was on the list.

In recent years, under the overcapacity, severe competition and strict requirements on environment protection in the cement industry, WCC achieved good results by paying strong efforts in product structure adjustment, energy-saving and emission reduction as well as strengthening cost control and internal management.

The award is a full affirmation to the comprehensive strengths, outstanding performance and good enterprise image of WCC. The whole group will continue to pay efforts in self-development and make contribution to China building materials industry.
