
CEO Ma Weiping Attended Key Cement Enterprises Symposium of Shaanxi Province

In the early of August, Shaanxi Key Cement Enterprises Symposium was held in Xi'an, Qiao Longde, chairman of China Construction Materials Federation and China Cement Association, WCC CEO Ma Weiping presented the meeting.

Several corporate representatives made a brief report on the first six months. CEO Ma Weiping introduced WCC development and gave several suggestions about elimination of backward production capacity.

Chairman Qiao Longde said that industry thrive depends on self-discipline, we must have a way and rule for self-helping. Cement

industry elimination of production capacity should innovate thinking and search new way by reformation.
