

West China Cement ranks among the Top 10 private building materials companies in China

On November 6, the 2020 China Building Materials Enterprise Development Forum and the press conference of the Top 500 China Building Materials Enterprises series were held in Hefei, Anhui. West China Cement (“WCC”) continued to be among the Top 50 Chinese building materials companies in 2020 and, for the first time, ranked among the Top 10 private building materials companies.

Recently, WCC achieved obvious gradual achievement by increasing the pace of the upgrade and restructuring, as well as promoting high quality development continuously. Under the adverse factors of the severe deterioration of the global economy and the impact of coronavirus-2019, WCC still can achieve steady growth. This honor is a high degree of recognition and praise for the deep cultivation of the entire cement industry chain and the promotion of quality and efficiency of WCC.
